

One little Box Top with nothing to do.
 Along came another and
 Then there were two.

Two little Box Tops laughing with me.
 Along came another, and
 Then there were three.

Three little Box Tops looking for some more.
 Along came another, and
 Then there were four.

Four little Box Tops dancing a jive.
 Along came another, and
 Then there were five.

Five little Box Tops bright as the sun
 Earning funds for our school
 Was never so much fun!

Six little Box Tops just giggling away
 We're on a roll now
 This will make our Principal's day!

Seven little Box Tops just keeping the
 groove...with just a few more
 Our teachers will have to bust a move!

Eight little Box tops...
 ...we're almost there!
 Trying to make this a total of ten
 To show everyone at our school
 that we care!

Nine little Box Tops...we can't stop now!
 We'll be Box Tops stars
 So we'll have to take a bow!

Ten little Box Tops now all stuck
 Look we made a difference
 Our school just earned a buck!
